Profile Summary

Skilled Frontend React Developer with 1.9 years of experience specializing in building responsive web applications. Expertise in ReactJS development, translating design mockups and wireframes into efficient and scalable components. Prioritizes collaboration and actively engages with cross-functional teams to deliver high-quality software solutions within project timelines. Honed skills in frontend development, continuously enhancing abilities and staying updated on new technologies and frameworks. Goal is to contribute to impactful projects, deliver innovative solutions, and advance career in frontend development through continuous learning and professional growth opportunities.

List of Skills

- React.js
- JavaScript
- HTML5
- CSS3
- GSAP
- MongoDB
- Express.js
- Material UI
- ES6
- Git
- GitHub
- SQL Server Management Studio
- Bootstrap
- React Hooks
- Node.js
- Tailwind CSS
- Redux
- Responsive Web Design

Education

Dr. D. Y. Patil Institute of Technology, Pimpri, Pune | Pune, Maharashtra
Mechanical Honor in Robotics & Artificial Intelligence | 06/2023

Patent Publication : Organic Fertilizer Spreading Machine Intellectual Property India Patent (Ordinary Patent)

Publication Date (U/S 11A) : 28/08/2020

Experience

Dreamcare Developers Pvt. Ltd. | Pune, Maharashtra
Front-End Developer | 11/2022 - Present

- [GitHub](#)
- Developed user interfaces with the help of HTML5, CSS, React JS, Material UI, and Bootstrap resulting in a 20% increase in user engagement and a 15% improvement in user satisfaction scores.
- Leveraged REST APIs for seamless integration with backend systems, reducing data retrieval time by 25% and enhancing overall system efficiency.
- Managed diverse tasks, demonstrating adaptability and resilience, and successfully delivering 100% of projects on time and within budget.
- Facilitated a 30% increase in efficiency and alignment through effective communication, fostering collaboration with cross-functional teams and stakeholders.
- Analyzed requirements and applied problem-solving skills to consistently deliver high-quality results, leading to a 25% decrease in system errors and a 20% improvement in overall system performance.

- Contributed expertise to innovative projects, driving continuous improvement in UI development practices, resulting in a 40% reduction in development time and a 20% increase in code quality.

Project

Project 1 || NetWave.

Role: Front End Developer.

Team Size: 3

Description:

- Spearheaded UI development using **React JS**, **Material UI**, and **Tailwind CSS** to enhance user experience and satisfaction.
- Orchestrated the management of application-level state with **React hooks**, ensuring efficient handling of subscription lifecycles.
- Executed responsive web design using **React Bootstrap**, **HTML5**, **CSS3**, and **Tailwind CSS**, optimizing accessibility across devices.
- Designed dynamic and reusable components to streamline the subscription management process and improve product/service optimization.
- Established seamless connections to API services using **fetch**, facilitating smooth data exchange and enhancing overall system functionality.
- Directed version control with **GitHub** for efficient code management and collaboration among team members.
- Engineered static or dynamic components based on product requirements, aligning development efforts with business objectives and customer needs.
